Dear Mr Scherzer

**Rainbow Farms (Pty) Ltd: Eskom Proposed Isundu 765/400 kV Substation  
 and Turn-in transmission Lines**

Thank you for your letter dated 21 July 2015, with attachments.

Proof of notification of the environmental authorisation and amendments having been sent to Rainbow is still outstanding. The copy of the precedent letter sent to Interested and Affected Parties does not confirm that it was indeed sent via registered post to Rainbow.

Please understand our insistence on receiving this information as it informs the basis of the time frames relating to our right to an appeal.

Kindly also provide details of the 27 letters allegedly sent to Rainbow, as Rainbow has no record of these letters.

Please also provide us with the environmental authorisation for the Sigma Substation 12/12/20/1397/2 and proof of notification to Rainbow of this authorisation.

Yours sincerely,

**Aldine Armstrong**
