Categories: Blue Category

Dear Sharon

ACER is currently undertaking an EIA for the proposed Isundu Sub-station which is the one I believe you are referring to.

There is information on the project on ACER's website www.acerafrica.co.za, but you may also contact me to discuss what information you are specifically interested in and I could then assist you.

Regards
Paul

This is an enquiry e-mail via <http://www.acerafrica.co.za/> from:
Sharon Gilbert <sharonCgilbert@gmail.com>

Could you please send me some information for the proposed Eskom Substation in Umlaas Road, near Camperdown, KZN. If you are not working on this project please could you give me the contact details for someone at Eskom Transmission.

Many thanks,
Sharon Gilbert
