I WOULD LIKE TO PARTICIPATE IN THE  
IMPACT ASSESSMENT PROCESS

1. Please consider the following issues as part of the Assessment: *(Please use extra sheets if needed)*

This application is NOT SUPPORTED by the Mkhambathini Municipality within whose area this site falls. The substation (proposed) falls in an area designated 'Agric Tourism' in terms of the 2014 SDF. It is immediately adjacent to the TPScheme area zoned 'Special Zone 1' for the Mayibuye Game Reserve. The sub-station would be at the approved entrance to the Game Reserve, adjacent to the Raptor Centre and alongside the proposed aero-estate. The Ezemvelo - C Plan shows this area as 'irreplaceable'. For us this is a NO-GO area.

2. My comments on/or suggestions for the public participation and technical processes are as follows:

I suggest a meeting at this office to elaborate on our developments before proceeding any further.

I suggest that the following stakeholders also be involved in the process:
