Dear Diane

Thank you for your response. The sub-station and transmission line related to this application do not fall within the eThekweni Municipality. You are on the database due to the fact that previously eThekweni was involved in the VSHA and your municipal boundary is still quite close to the proposed infrastructure. Thus, although eThekweni is welcome to comment, I do not believe formal comment is required from eThekweni in terms of the EIA process.

Regards
Paul
