Good day,

Thank you I received your email but was unable to open the document. I'm not sure if the doc became corrupt. Perhaps it may help if you could rescan the document then forward it directly to me. Or save the file as a normal Adobe pdf doc with the name N3 Batch 1 comment then email it?

Kind regards

Charlene Weber

Subject: Fwd: FW: Invitation to participate - Proposed capacity improvements to the N2 & N3 within the eThekwini Metropolitan Municipality, KZN

Hi Xolani, Hassan, Sandy and Haniff,

I don't know if any of you are aware of the proposed capacity upgraded on the N2 and the N3. I have been waiting to be officially sworn in as councillors so that I could register as an interested and affected person. When I did so this morning, I realised that the projects extend into your wards also, so I thought that I should alert you to the idea that you should consider registering as IAPs also.

The closing date for the first round of comments on the Basic Environmental Assessment is tomorrow, 25 August 2016. I don't know if that is a final date for registering as an IAP, but I am treating it as it is. Over to you.

Regards,

Warren

Sandy and Haniff, I have copied this to you, because there might be other PR councillors whose wards are affected by these projects. Gill Noyce forwarded this to me, and I have in turn forwarded it to Mel and to Caelee.

If there are other councillors in your respective constituencies who should be aware of these proposals, please forward the details as appropriate.

Regards,

Warren

Hi Guys,

You might want to take note of this issue.

Regards,

Warren

Dear Jenny / Gillian.

Are we interested in participating with any Suggestions.

Check the Map for details under Background info.

Tony.

Hi : Would any of our Conservancy Members be interested in looking at these Main Highway proposals from Westville – Pinetown – Marionhill – Giba – Right the way up to Key Ridge.

Anyone who would want to participate as a interested affected party must apply before August 25th.

Any Objections / Adjustments, please keep me on your circulation list.

Tony Wint.

Subject: Invitation to participate - Proposed capacity improvements to the N2 & N3 within the eThekwini Metropolitan Municipality, KZN

21 July 2016

Dear Mr. Anthony Michael Wint

INVITATION TO PARTICIPATE

ENVIRONMENTAL ASSESSMENTS (BASIC ASSESSMENTS) AND WATER USE LICENCE APPLICATION FOR THE PROPOSED CAPACITY IMPROVEMENTS TO NATIONAL ROUTE 2 (N2) AND NATIONAL ROUTE 3 (N3) WITHIN THE ETHEKWINI METROPOLITAN MUNICIPALITY, KWAZULU-NATAL

The South African National Roads Agency SOC Limited (SANRAL) is responsible for improving, managing and maintaining the network of national roads in South Africa. Sections of the N2 and N3 are operating at full capacity and traffic studies indicate a need to upgrade them to accommodate future growth and improve road safety. SANRAL (Eastern Region) thus plans to provide additional lanes and upgraded interchanges along a section of the N2 in Durban and along the N3 between Durban and Pietermaritzburg. This forms part of the suite of Strategic Infrastructure Projects (SIPs) as described in the National Development Plan, 2011.

The project requires environmental authorisation from the national Department of Environmental Affairs in terms of the Environmental Impact Assessment (EIA) Regulations, published under National Environmental Management Act, 1998 (NEMA) (Act No. 107 of 1998) (as amended).

SANRAL has appointed ACER (Africa) Environmental Consultants to undertake the applications for environmental authorization for the following Basic Assessments:

- ❑ **Basic Assessment 1.** Capacity Upgrades to the N2 (Solomon Mahlangu to south of Umgeni Road Interchange (I/C)), including expansion of EB Cloete and Solomon Mahlangu Interchanges, and the N3 (EB Cloete to Paradise Valley) including provision of temporary access for construction below Westville and Paradise Valley viaducts.
- ❑ **Basic Assessment 2.** Capacity Upgrades to the N3 (Paradise Valley to Key Ridge) including provision of temporary access for construction below the Umhlatuzana Viaduct.

ACER, on behalf of SANRAL, will also submit a Water Use Licence Application(s) to the Department of Water and Sanitation (DWS), in accordance with Section 21 of the National Water Act (Act No. 36 of 1998), as amended.

Please refer to the enclosed/attached Background Information Document (BID) for more detailed information.

A Public Open Day will be held at the Westville Country Club on 16 August 2016. Interested members of the public are invited to attend and view the display of project information any time between 3 pm and 7 pm. Members of the project team will be present to discuss issues of concern and answer queries.

If you would like to participate as an Interested and Affected Party (I&AP) for this project, please fill in the attached comment sheet and return to the ACER Public Participation Office by 25 August 2016:

Charlene Weber or Nolwandle Nkwanyana

Tel: 035 340 2715

Fax: 035 340 2232

E-mail: N3batch1@acerafrica.co.za

P O Box 503, Mtunzini, 3867

On the comment sheet, please indicate which Basic Assessment you are specifically interested in, or alert ACER if you would prefer not to receive any further information for this project.

Yours sincerely,

ACER (Africa) Environmental Consultants

Ashleigh McKenzie (Pr. Sci. Nat)

Senior Environmental Consultant
