Good Morning Mr Higgins

I would just like to confirm that the engineers (for proposed Capacity improvements to N2 and N3 Project) have confirmed that with the current layout, your property – at 3 Penny Lane – will not be affect. The alignment does not require any changes to the existing road reserve in this area, thus you will just be an adjacent landowner to the proposed project.

Regards, Mareike

Good morning

Thanks for the reply and the confirmation/update on your correct address. We will update our database.

Regards, Mareike
