- Please consider the following issues as part of the Assessment: *(Please use extra sheets if needed)*
 Consideration towards existing residential property with regard to building right up against boundary walls.
 Lack of buffer zone creates direct visual access into residential property: Results: crime increase,
 infringement on personal privacy, noise pollution, decrease market value of property, accidents resulting
 in vehicles landing in residential property (previously experienced) and air pollution.
 Owner of 6 Kipling Place, Westville (Jason and Shireen Govender) would like to be offered a current
 market related value offer for the residential property.
