Hi Jethro,

The public participation meeting held on the 16 August 2016 at the Westville Country Club refers.

As requested, attached find general layout plan of the haul road through Giba Gorge.

As discussed:

1. the haul road impacts the existing green and blue bike routes. It was also noted that the blue road adjacent to the N3 highway falls predominantly within the N3 road reserve (road reserve indicated in black line types);
2. the possibility of routes being temporarily relocated to make way for the haul road and N3 upgrade and
3. that the haul road to make allowances for bike route crossings.

Kind Regards
