**Subject:** RE: Proposed Upgrade of Richmond Road /Farningham Ridge Interchange

Good Morning Michael

Thank you for your comment. I will add you to the project database and thus keep you updated through the course of the project. Your comment regarding noise pollution will be addressed within the Draft Basic Assessment report as the issue of noise pollution is being considered as part of the environmental assessment

Kind Regards, Mareike

**Subject:** Proposed Upgrade of Richmond Road /Farningham Ridge Interchange

Regretfully, I will not be able to attend your meeting scheduled for the 15<sup>th</sup> of August.

But I wish to have you note that this section of road especially Farningham Ridge side is already a problem from the noise pollution point of view. We have addressed this with the MEC Transport and await his reply.

With the lack of space to allow for noise absorption planting at the moment and with the increases proposed. I foresee problems with compliance with legislation.

Many thanks,  
Dr.M.G. Leech
