**Subject:** FW: N2/N3 I&AP

If it is 5 [Thames Terrace Westville](#), it is adjacent but not directly affected.

Please confirm this with her , and add her details to the database, thanks.

Hi Nol

I cannot find that physical address on google maps or google earth so am unfortunately not able to comment telephonically . Is it spelled correctly?

However, if she was up for expropriation she would likely have been contacted a long time ago by the engineers. Please could you phone and ask her to send her email address and you can forward her this map – all properties on the red line require acquisition, those on the black line will not.

Many thanks, Ashleigh

Dear Ashleigh,

I received a call from Ms Alexander. She would like to know if her property falls under affected area and that will the process go up of expropriation? She will appreciate if she can be telephonically contacted today, just to say yes she will be affected or not.
