2. Please consider the following issues as part of the Assessment: *(Please use extra sheets if needed)*

1. As I am residing next to N3 and you will require my piece of land, that will make it difficult for me and my family for the NOISE cause as it is the big trucks make my door and windows vibrate.

2. The security issue is highly important and will need improvement since this is a busy area especially people from Chesterville across the road.

I suggest that the following stakeholders also be involved in the process:
