Subject: RE: ENVIRONMENTAL ASSESSMENTS FOR PROPOSED CAPACITY IMPROVEMENTS TO N2 AND N3 NATIONAL ROUTES WITHIN THE ETHEKWINI METROPOLITAN MUNICIPALITY, KWAZULU-NATAL

Dear Mareike and Nolwandle,

Please see attached and below details and [comments](#) in order to remain informed during the project.

I would like to participate in the impact assessment process.

- Inspection of underground water flow to prevent sink holes: underground water is fragile along Drake/Sanderson /Cambridge
- Inspection of sewage plants along Drake and Sanderson to be considered
- Concrete Barrier/ retaining wall for counter flow traffic along Drake/Sanderson, prevention of foot traffic measures to be considered
- Blasting and Jacking effect on our property to be considered and/or re-enforcements to be carried out if required
- Consideration of the widening of Drake /Sanderson Road to be included in project

This area has a high motor vehicle accident occurrence, lighting and barriers to be considered.

Kind Regards

Mrs Theresa Bold
