Subject: A resident of Ashley

Good day Mr Mareike Straeuli

I have been informed about the proposed upgrade of the N3/M7. As being a resident of the affected area I am not happy about the proposal of the removal of my home. I have lived in this area since the time I have been born, and I am not willing to move out of the area UNDER NO CIRCUMSTANCES!!!! Have the people who have made this design have no compassion about the people living in this area and how it will affect there lives. The people in this area have made a lot of sacrifices to build their house and are now relishing the fruits of there hard work and now this company wants take all of their hard work away, to this I highly disagree!!!

I will be going around and gathering the community to come together and fight this proposal. I assure you that you will be hearing from the Ashley community very soon. I am shocked that you are willing to take the roof of people that are paying taxes, these are the same people who indirectly paying your salary. I request you that you change that design, being an Engineer I know this is possible.

As being a resident of the beautiful neighbor hood, I humbly request to please reconsider the proposal and change it

A very disgusted and disturbed Resident of Ashley
