Subject: APPLICATIONS FOR SANRAL'S CAPACITY IMPROVEMENTS TO NATIONAL ROUTE N3 HAMMARSDALE TO PMB

Dear Ashleigh

Thank you for the letter dated 11 May 2018 inviting the Department to participate in the various environmental authorisation processes for the N3 upgrades. It is noted that DEA is the competent authority.

The proposed projects straddle two Municipal districts, Ethekwini and uMgungundlovu, these comments pertain to the uMgungundlovu District only.

With respect to the projects within uMgungundlovu, please note that there is a gazetted Environmental Management Framework (EMF) for Msunduzi Municipality and the applicant must apply for the relevant listed activities identified in terms of the EMF. You may contact the Msunduzi Environmental Unit in this regard.

Please also note that there is a Draft EMF for the uMgungundlovu District and this source document must be used during the various environmental authorisation processes in order to identify, confirm, and assess possible environmental impacts which have been considered and mapped in the compilation of the District EMF.

Kind regards

Kim van Heerden
