Good Day Mr Tim Mason

I apologies for the very late reply – with being out the office your email somehow was left unanswered.

To your request for maps of the Cato Ridge, Camperdown and Unless road junctions, please will you find attached the Posters that were displayed at the public open days for these section. More detailed maps will be available in the Draft Basic Assessment with will go out for public review later this year. I have added you to our project database and you will received an email notification when the Draft Basic Assessment is available.

I have also attached the Background information document for the project.

I hope this helps to answer your request. All of this information is also available on our website – www.acerafrica.co.za, under the 'Current Projects' tab.

Kind Regards and apologies again,
Mareike Straeuli
