Hi Mareike

I trust you are well.

I filled in the comment sheet at the meeting at the Cato Ridge Country Club on Monday night.

I would like to clarify that when I refer to the extra foot traffic on the D12 because of the increased Industry and work force I am concerned about an increase in crime. We have lived on our property since 1993 and have had the absolute minimal crime - like 3 minor incidents in 25 years. When the companies in the Nordic Complex on the D157 are employing we have groups of up to 50 guys sitting outside the complex on the side of the road hoping to get a job. With their location you at least have the security guys from Value Logistics. This will obviously now be the same on the D12 and for all the unsuccessful ones they will be then be wandering around the area and it creates a situation for opportunists to come onto the property. The strikes are also a problem - when Value Logistics had the uproar because they didn't employ locals they were burning tyres and putting rocks in the road - again there are no private residences in that area - but in this case it will make us very vulnerable as we are quite isolated.

Kind regards

Sherill Spurgeon

Good Morning Sherill

Thank you for your email. I have passed it on to the project manager. As soon as I have an answer I will send it your way.

Kind Regards, Mareike

Hi Mareike

I am attaching a diagram of the original expropriation in 1994. The SG Number is 5704/57.

Please can you let me know whether we will be affected by the upgrade,

Regards

Sherill

Dear Sherill

Thank you for your comment sheet.

To obtain further information regarding your property, please send more specific details (preferably the SG diagram number) so that the engineers can comment on the proposed widening and indicate if the property in question is affected. We would also encourage you to attend one of the Open Days where the engineers and SANRAL property acquisition representatives will be available to answer queries and discuss concerns.

Kind regards,

**Mareike Straeuli**
