2. Please consider the following issues as part of the Assessment: *(Please use extra sheets if needed)*

My veterinary clinic is located at 144 Sanctuary Rd, being on the Mall's side of the freeway.

My clients are mainly located in the northern suburbs of PMB (Montrose, Athlone, Chase Valley).

Please consider the impact on the businesses based in Connor Rd, Chase Valley Rd and Sanctuary Rd during the construction phase by staggering or prioritising the access routes based next to the freeway.

For example timely completion of the new circle based at Twickenham/Chase Valley Rd which would ease traffic flow towards these businesses.

I suggest that the following stakeholders also be involved in the process:
