have the following concerns about the proposed capacity improvements especially
BA6 and would like a written correspondence feedback regards the following:

- This road will be extremely close to the properties' along that route with specific reference to no. 100 Chase Valley Road, Chase Valley, Pietermaritzburg.
- Due to the close proximity this poses potential threat / danger / damages to the property owner, the occupants of the property and the property itself in the event of a Vehicle accident between light motor vehicles or heavy duty vehicle / trucks.
- The noise factor related to the close proximity of the proposed road is yet another aspect to be taken into consideration, as well as the potential environmental threat regards hearing and health related aspects for the affected persons.
- Furthermore SANREL will be accountable for any threats / danger / damages / health risks to the property holder, the occupants and to the property at no. 100 Chase Valley Road, Chase Valley, Pietermaritzburg.

Thanking you

Mrs P.D.Joubert
