Dear Steven

Thank you for your email. We are in the project announcement phase of the "Proposed Capacity improvements to [National Route 3 \(N3\)](#) from Hammarsdale to Pietermaritzburg, KZN" Project. In the process we did a title deed search for adjacent landowners that will not be directly affected by the project. We got your parents information from this and then send a letter to the address [12 Munro Avenue, Northern Park](#). We also then dropped off a flyer about the project and the open days in the week of the Public Open Day.

Thus we would like to add you to the project database and keep you informed of the project going forward. The next notification will be about the availability of the Draft Basic Assessment. If you would like to see what was shown on the Public Open Days please see our website – www.acerafrica.co.za – under the current project tab you can find the Proposed N3 Capacity Increase – Batch 2 (last one on the left).

I hope this answers your questions.

Kind Regards,

Mareike Straeuli
