

SANRAL's PROPOSED CAPACITY IMPROVEMENTS TO THE N2 BETWEEN HAMMARSDALE AND PIETERMARITZBURG (N3 BATCH 2 BASIC ASSESSMENTS)

Record of Meeting with Msunduzi Local Municipality Environmental Management Unit held on 30 May 2018 at the Maritzburg Golf Club, near New England Road

Attendance:

- | | |
|--------------------------|--|
| • Minenhle Hadebe | Msunduzi Local Municipality Environmental Management |
| • Gideon Dume | Msunduzi Local Municipality Environmental Management |
| • Vicky King | Metamorphosis Environmental Consultants |
| • Ashleigh Mckenzie (AM) | ACER (Africa) Environmental Consultants |
| • Duncan Keal (DK) | ACER (Africa) Environmental Consultants |

1. Purpose of Meeting

- To inform the Msunduzi Municipality Environmental Management Unit of SANRALs proposed road widening (SIP project) and the environmental application process.
- To obtain their comments regarding environmental issues within the local municipality.

2. Points discussed

- This project has SIP2 status.
- Engineers and consultants involved.
- The need to be guided on environmental issues by the Msunduzi EMF which identifies sensitive areas, provides management guidelines etc.
- ACER to provide MLM with shape files which they will overlay on their EMF
- .
- They will then be able to respond with more specific issues.
- The 2 MLM reps then came later to the Public Open Day.
