Please provide your comments on the draft report for BA5: Capacity Upgrades to the N3 from Lynnfield Park Interchange (km 30.6) to Gladys Manzi (formerly Murray) road (km 6.1).

I have the following concerns: Daily noise pollution 24/7. The lanes that are going to be constructed will decrease our properties. We are expecting compensation for that & the inconvenience. Our fences will be destroyed. Our house may crack due to the roadworks built next to our houses. There will also be land pollution.

I suggest that the following stakeholders also be involved in the process:
