2. Please consider the following issues as part of the Assessment: *(Please use extra sheets if needed)*

.....
With reference to the letter sent to Sanral, dated 17 October 2016, (copy sent separately to you) the New England Pre-Primary School Committee cannot support the proposed upgrading of the New England/N3 Interchange until binding arrangements have been made to re-establish the school on the property suggested in the letter or an alternative site that is acceptable to the Committee. It should be noted that the Committee cannot accept any arrangement to re-establish the school that would result in the school being unable to operate for any length of time. With reference to the attached letter it should be noted that an application for sub-division of land now requires the giving of public notice, due to changed legislation.

I suggest that the following stakeholders also be involved in the process:
