I WOULD LIKE TO PARTICIPATE IN THE  
IMPACT ASSESSMENT PROCESS  
YES  NO

PLEASE DELETE MY NAME FROM THE  
PROJECT MAILING LIST  
YES  NO

1. Please indicate which Basic Assessments (BA) you would like to receive information on:

- a) BA3: Capacity Upgrades to the N3 between Hammarsdale Cato Ridge Interchanges. YES  NO
- b) BA4: Capacity Upgrades to the N3 from Cato Ridge Interchange to Lynnfield Park. YES  NO
- c) BA5: Capacity Upgrades to the N3 from Lynnfield Park to Murray Road. YES  NO
- d) BA6: Capacity Upgrades to the N3 from New England Road Interchange to Twickenham Road. YES  NO
- e) All BAs. (including as below) YES  NO
- f) Capacity Upgrades to the N3 from Murray Road to New England Road interchange

2. Please consider the following issues as part of the Assessment: (Please use extra sheets if needed)

- 1) Devaluation of land especially those of us who property is right on the highway and proposed road off highway and in to town. How will we be compensated for this?
  - 2) Noise pollution - what measures will be used to minimise the noise pollution from having a road closer to our back fences and from the widened highway
  - 3) What measures will be used to minimise possible increased crime along our back fences with the new road directly behind us. If a wall is erected for the noise, will this be made more difficult for someone to climb over?
  - 4) Environmental impact on the wetland area that runs through our area and to the proposed off and on ramps from town to and from highway
  - 5) Possible structural damage to our back walls & buildings close to new road being built
  - 6) Lighting of roadway and how it will affect our properties.
- I suggest that the following stakeholders also be involved in the process:

<b>Name</b>	7) Accident prevention barriers by our walls
