Good Day Linesha

Thank you for your email in response to the draft Basic Assessment (BA) Report for BA4 (N3 upgrade- Cato Ridge to Lynnfield) . Your property falls along the N3 section being dealt with under Basic Assessment 3 (Hammarsdale to Cato Ridge), which assessment process is still at an early stage. ACER will notify you with any relevant information for this BA3 project as soon as it arises and when the report is due for comment.

When you last communicated with HHO, they were still waiting for clarity on certain matters. I have cc'd the engineer involved in case he has anything material to report regarding your property.

Kind regards,

Ashleigh McKenzie

Comment:

I was contacted by HHO consulting post the first comment period and was advised 2 options were being considered. One with significant impact on the property above and the second with lesser impact. At the time, it had not yet been decided which option was being pursued. Without an update on this it is difficult to provide comment. Please could someone get in touch to advise which option is being taken?

Many thanks
Linesha
