Hi Carina,

Here is a link to all of the public notice details and photo's: <https://1drv.ms/f/s!Aiil9qETnQw3gwfUveefSA6a9qbR>

I am trying to migrate my backup documents control / storage to a cloud system (Microsoft's OneDrive) so if the link above doesn't work just let me know.

Location C is at the Lwala mine entrance. I have asked Charles from Samancor to place them in the lockable display cabinet at the Lwala mine entrance, but he just hasn't sent me the photo's yet. I will send them as soon as I have received them.

Regards

Hi Carina,

I am just busy with 2 tenders today and will send by tomorrow morning.

As discussed, will collate into just a simple 1-2 page word report (display locations and reason for specific placement locations) together with the pictures (pictures will be sent separately). Total size is roughly 30mb – 35mb so I will create a dopbox folder for the project and share.

Will cc you in all discussions. As done before, some discussions I will run through Giles before sending just so that we are in agreement when timelines or other specifics are involved.

Regards

Marius Alers
