

**NOTICE OF ENVIRONMENTAL AUTHORISATION PROCESS
PROPOSED MTUNZINI SANITATION SYSTEM, KING CETHSWAYO DISTRICT MUNICIPALITY**

ECA Consulting (Pty) Ltd has been appointed by the King Cethswayo District Municipality to undertake phased upgrades and expansion to the Mtunzini Sanitation System.

Environmental Assessment Practitioner: ACER (Africa) Environmental Consultants (ACER).

LOCATION OF THE PROPOSED PROJECT

The project will take place in the town of Mtunzini (with some upgrades proposed within the uMlalazi Nature Reserve), which is approximately 41 km south of Richards Bay, within the uMlalazi Local Municipality. The proposed project infrastructure is in and around the town Mtunzini and will include sewer reticulation pipelines, rising mains, bulk gravity lines, surges, pump stations and a new Waste Water Treatment Works (WWTW). The proposed site for the new WWTW is to the north-west of the town adjacent to the eastern side of the N2.

ENVIRONMENTAL AUTHORISATION

The project is subject to the provisions of the National Environmental Management Act, 1998 (NEMA) (Act No. 107 of 1998) (as amended). As the project triggers several activities listed in the 2014 Environmental Impact Assessment (EIA) Regulations (as amended, 2017), the proposed project requires environmental authorisation following a Basic Assessment process. The Basic Assessment will be inclusive of technical studies and public participation. The competent authority is the KwaZulu-Natal Department of Economic Development, Tourism and Environmental Affairs.

ACER will also be responsible to apply for the relevant licenses/authorizations required from the Department of Water and Sanitation (DWS) in terms of Chapter 4 of the National Water Act, 1998 (Act No 36 of 1998).

INVITATION TO PARTICIPATE

Interested and Affected Parties are requested to register with ACER (Africa) Environmental Consultants and provide their comments. A Background Information and Notification Letter including a Registration and Comment Sheet can be obtained from the Public Participation Office. For further information please contact:

ACER (Africa) Environmental Consultants
Corina Boonzaaier
PO Box 503, Mtunzini, 3867
Tel: 036 340 2710 • Fax: 036 340 2232
E-mail: mtunzinwaste@acerinfrica.co.za

Please note that consistent with OHS 325, 42 (a), 44 (1) and 12(1)(a) (7 April 2017) all comments received will be captured in a Comments and Responses Report which will be made available to the competent authority and which will be placed in the public domain as part of the public review process of the Basic Assessment Report.

NOTICE OF ENVIRONMENTAL AND SOCIAL RISK/IMPACT SCREENING
PROPOSED WASTEWATER TREATMENT PLANT TO BE BUILT AT THE SITE

It is hereby notified that the above project is being undertaken by the Project Sponsor and is subject to the relevant Environmental and Social Risk/Impact Screening (ESRIS) process.

Environmental and Social Risk/Impact Screening (ESRIS) process

1. OBJECTIVE OF THE PROPOSED PROJECT

The project will be aimed at providing a wastewater treatment plant (WWT) at the site to treat the effluent from the existing WWT plant. The proposed plant is intended to be a state-of-the-art facility and will include advanced treatment technologies such as UV, granular activated carbon, and reverse osmosis. The proposed plant will be a state-of-the-art facility and will include advanced treatment technologies such as UV, granular activated carbon, and reverse osmosis. The proposed plant will be a state-of-the-art facility and will include advanced treatment technologies such as UV, granular activated carbon, and reverse osmosis.

2. PROJECT DESCRIPTION

The project is subject to the provisions of the National Environmental Management Act (NEMA) of 2002, as amended, and the Environmental Impact Assessment Act (EIAA) of 2014, as amended. The project is subject to the provisions of the National Environmental Management Act (NEMA) of 2002, as amended, and the Environmental Impact Assessment Act (EIAA) of 2014, as amended. The project is subject to the provisions of the National Environmental Management Act (NEMA) of 2002, as amended, and the Environmental Impact Assessment Act (EIAA) of 2014, as amended.

ESRIS will also be conducted to assess the potential impacts of the proposed project on the environment and society. The project is subject to the provisions of the National Environmental Management Act (NEMA) of 2002, as amended, and the Environmental Impact Assessment Act (EIAA) of 2014, as amended.
