Hi

As a resident I am concerned that time is running out & residents have not been informed regarding the display. Will there be an extension of the dates since residents have not been informed as yet.

Thanks

Good afternoon Vishali,

Hope you are well.

The documents still haven't been sent out, as we are still waiting for outstanding information/documents from SANRAL. We have however made arrangements with Christene (Ashley Sports Club) that the documents will be made available every day for Public Review and Comment from 12:00pm – 3:30pm.

Kind Regards,

Carina Boonzaaier

Good day
Please confirm whether the documents have been displayed at Ashley Sports club and what arrangements have been made to inform the local residents.
Thank you

Importance: High

Good day Vishali,

We are waiting on SANRAL to provide anticipated construction dates. The dates will be provided in the BA Report due for circulation during October. SANRAL negotiates directly with affected property owners where land acquisition is involved, and this has either happened already or is in progress.

Kind Regards,
