Subject: Basic Assessment 2 (BA2)

Dear Mr Logan,

Hope you are well.

Please see a diagram of the Basic Assessment Process below and find attached email which I sent you on 21 August 2019. We are still in the pre-application phase .

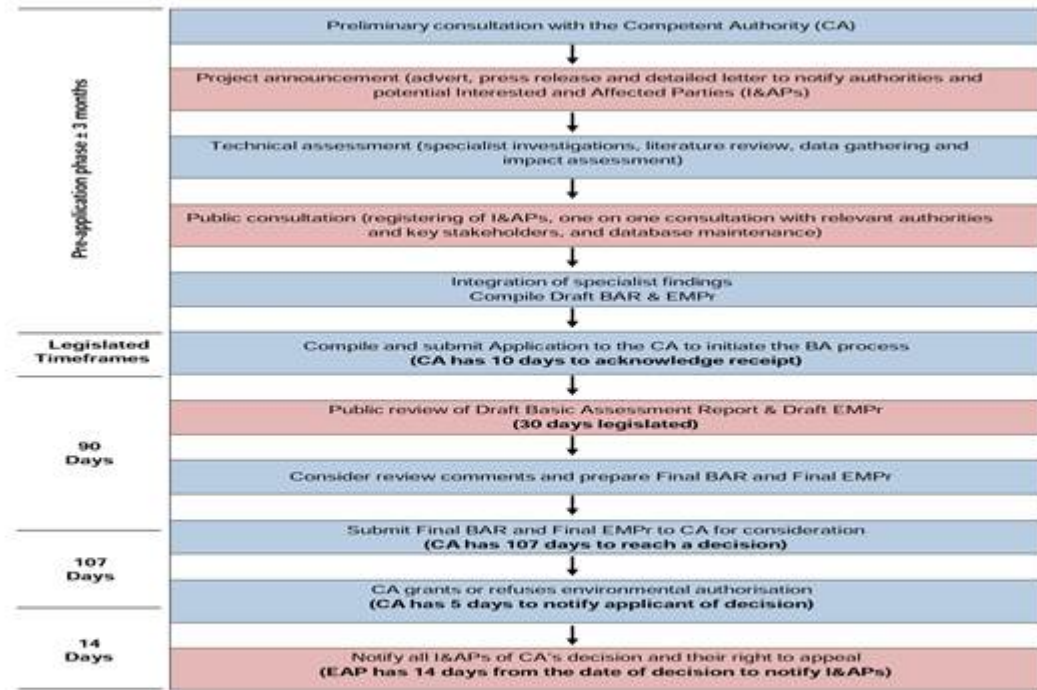

An Application and Draft BAR are being prepared (while anticipated to be ready for Public Review during October 2019, it has now been delayed until later this year or early next year).

SANRAL may not proceed without Environmental Authorisation (EA) and usually, tender documents only go out after an EA is received.

The estimated time frame for the BA2 is 2020, provided an Environmental Authorisation is issued before then.

Sorry for the delays and inconvenience caused.

BASIC ASSESSMENT PROCESS

Kind Regards,
