Good Day Mr Logan

SANRAL has advised that the estimated date for construction remains first to second quarter 2020 and any further developments (changes to this) will be communicated to I&APs.

ACER will notify I&APs when the draft Environmental Assessment Report is ready for circulation. We unfortunately do not have a specified timeframe for this as yet.

Please note that Mareike has left ACER and further queries/comments can be addressed to Salona Reddy (cc'd above).

Kind regards

Subject: Proposal Richmond Road. Pinetown

Good morning

I am affected by the proposal upgrade of the interchange in Richmond Road, Alexander Road and Mariannahill Road in Ashley. Pinetown. Basic assessment 2

Are you in a position to advise me as to what is the progress and if there is a time frame that has been set. I did contact make contact with a Mr Johann Klopper from DENDO, Property Valuators and he advise that he was awaiting further instruction from SANRAL.

As you can appreciate I am anxious to make my own plans and the way forward.

Regards

Mr A. F. Logan.
