Good morning Carina

Thank you for the update. Please help me understand the process. Once the Public review has been completed does this mean the projects goes to the next phase. What is the next phase?. So what I am trying to find out is it likely that it could still be years away before anything happens. At a meeting held here in Pinetown in Aug last year we were given a date of June 2020 when the project was expected to start. Is this still the case?. I really need some sort of time frame from your Office.

Thank you

Regards

Good morning Mr Logan,

Hope you are well.

There has been a delay with the report and as soon as we know when the reprogrammed Public review period will occur, we will notify you immediately.

Kind Regards,
