Subject: DRAFT BASIC ASSESSMENT REPORT 2 COMMENTS

Dear Ms Carina Boonzaaier

Kindly note that I Ms Sibongile Msomi would like to comment about N3 (BA2) as per email received on the 5th of March 2020. My concern is about putting the family first, as I am a divorcee I tried by all means to keep this home for my loved ones. As a family we are happy to have this property as our home, we moved on to this property in 1996 and we are still enjoying the benefits as residents.

Some of the benefits are stipulated below.

1. Education and health services are nearby.
2. It is located in a 2km distance away from the town.
3. No low cost houses around the area.
4. Public transport is easily accessible.
5. It is a quiet and safe area as there is a neighbourhood watch which assist in crime decrease 6. There is also fibre which assist on easy internet access.

There are many more other benefits I can mention. As the property value increases every yaer, we were hoping that it would be a lifetime investment for the family and generations to come.

Yours sincerely

Ms Sibongile O Msomi
