Dear Mrs Msomi,

As per my email last year 14 June 2019 your property is to be acquired. The land acquisition team are mindful of the urgency to resolve things with property owners who are understandably anxious to get facts and certainty so they can plan accordingly. However, delays have been incurred because, amongst other issues, this project deals not only with the national road but also provincial and municipal roads. Unfortunately, they are only able to contact you formally when the necessary procedures / processes/ diagrams / agreements are in place with all the relevant authorities. Thank you for your patience.

Kind regards,
