1. Please consider the following issues as part of the Environmental Impact Assessment: *(Please use extra sheets if needed)*

The proposed route for the marine telecommunications system traverses areas/blocks with active exploration rights. Please advise what potential impacts are envisaged from the proposed marine telecommunications systems on exploration activities. If the potential impacts have not been identified or assessed, you are requested to do so. Please also note that the exploration right holders are your important stakeholders, and they should be consulted, if not yet identified.

I suggest that the following stakeholders be involved in the Process:
