Hi Jarrett

Thanks for your email. I have the following contact details for Impact:

Keely Harris, Impact Oil & Gas, k.harris@impactoilandgas.com

We have sent them the Background Information Document for the proposed landing of the Equiano Cable System which will be landed in Melkbosstrand and crosses their concession area (no response to date). The proposed cable alignment will follow the existing SAT-2 cable alignment which was decommissioned in 2013.

Please see attached the BID for your information.

Regards
Giles

Dear Giles

Apologies in not coming back to you – somehow my response was caught in my outbox which I only just picked up!

While I cannot speak for Seizgyn or Rhino, you may issue any correspondence or communication to myself and Lizel Oberholzer in copy on behalf of Impact.

Kind regards,

Jarrett

Hi Jarrett

ACER (Africa) Environmental Consultants (ACER) have been appointed by ASN to conduct the Environmental Authorisation process for the South African branch of the Equiano Cable System. We are hoping to advertise the project soon and commence with the environmental authorisation process. The proposed cable route also passes through concession/exploration blocks held by Rhino Oil; Sezigyn (pty) Ltd and Impact Oil & Gas Ltd. (UK). I am battling to find the correct people to talk to from the following organisations and was wondering if you might have any contact details for people within these organisations.

Your feedback would be greatly appreciated.

Regards
Giles
